CURRICULUM VITAE

Jasper Swann has 35 years' experience in the care and conservation of historic buildings, monuments and facades, with a particular emphasis on masonry facades, stonework and associated fabric. He provides services that include provision of Condition Reports, Schedules of Conservation Works and Repairs as well as advice in relation to design and maintenance of contemporary buildings and facades. He provides Specifications, Project Management and Superintendent roles. He is a former member of the NSW Heritage Council's Technical Advisory Group and former guest lecturer in the conservation of stonework in the Masters of Heritage Conservation Program at the University of Sydney. He is a registered consultant on the NSW Built Heritage Conservation Consultants Scheme.
